CLOSE BOARDED TIMBER GATE - ALONE

CLOSE BOARDED TIMBER GATE - IN FENCE

1.1m HIGH ESTATE RAILING

1.2m HIGH TIMBER POST AND RAIL WITH STOCK PROOF MESH

NOTE

- All drawings to be read in conjunction with Greenhalgh Landscape Architecture's Specification.
- It is the responsibility of the contractor to ascertain the exact positions of all existing services prior to carrying out landscape works. All drawings to be read in conjunction with the Engineer's drainage, levels and foundation details and specifications where appropriate.
- Final fine grading and levels to be agreed on site with Landscape Architect prior to planting.
- It is the responsibility of the Contractor to ensure tree pits are draining correctly prior to backfilling.
- This drawing assumes that the existing site subsoil and topsoil could be re-used. If the existing subsoil and topsoil is not suitable, imported subsoil and topsoil will be required in accordance with Greenhalgh Landscape Architecture's Landscape Specification.
- Prior to site wide trenching and excavations, service route position to be sprayed and marked out for Landscape Architect's approval.
- This drawing is protected by copyright. Contractors must check all dimensions on site. Only figure dimensions are to be worked from. Discrepancies must be reported to the landscape architect before proceeding.
